

## **ELE206 lab policy Spring, 2014**

### **1.Attendance**

- (a) Each student must sign in and sign out for each lab.
- (b) Any student who could not attend the lab must inform TA Jerry Wang ahead of time by email.

### **2.Reports:**

- (a) One lab report per group for the first lab, and then individual reports for the following labs until the project. Project reports will be by group. Please list the names of all group members on the lab report
- (b) Generally, a lab report should contain four parts: abstract, methods, results, and discussion and must be in #12 font, single space, single column, at least 1½ pages long.
- (c) Please attach the complete Arduino sketch to lab reports and be sure to comment the lines of code.
- (b) For more details of lab report, please refer to the sample report on the course website
- (c) The Lab report for previous lab is due at the next lab meeting, e.g. Lab report#1 is due on the day of the Lab#2 meeting.
- (d) A Lab report is graded from 0 ~ 10.
- (d) Any lab report handed in after the due date will have a 10% deduction per day from the original grade.
