1 Lab Policies

1. You can work in groups but everybody should submit an individual report.
The lab report is due in a week, unless specified otherwise.

2. After the due date there will be a 0.25 Points deduction per day, unless
informed before about the reason.

3. More importantly I am not looking for the correct answer, points will be
awarded for the effort. You need to show the following:

- • where did you start

- • what did you do

- • where did you get stuck

- • where did you research

- • for MATLAB, what other commands did you research.

4. If you are taking somebody's help please mention their name and give
credit to them.

5. Your lab report must be labeled and categorized correctly and easy to follow.

6. Finally, follow the procedures as informed by your TA and if you stuck ask and don't assume
please.

If you have any other questions, you can send me an email at yazan_engineer@my.uri.edu
or stop by the lab Kelly 201. My office hours will be posted soon.
